

Sills Air Range Raffles

Every year the Arlington-Fairfax Chapter, Inc., IWLA, does two or three raffles to help secure the Sills Air Range's long-term financial stability. Using donated items, mostly from the Midway Foundation, we raise funds via raffles and then put the proceeds into our Midway account. The Midway Foundation then partially matches what we put in and as the account accumulates we can use the money for air-range needs. All this helps us keep the annual consumables fee lower.

Our next raffle is one of our best yet. There are two main prizes, a Henry 30/30 as first prize (from Midway) and a Ruger Mark III as second prize (donated by our very own Mark Budgeon). For every ten tickets sold, we'll hold a drawing for a Browning knife/flashlight combo. So there are many chances to win.

Tickets are \$20 each and can be purchased online at the air-range Web site — <http://afc-iwla-sillsairrange.org> — and we'll also be selling tickets in person at various points.

Please support the air range by buying some raffle tickets — we'll draw the winner after the 200th ticket is sold.
